Additional Costs

Any event that is located more than (2) hours or 110 miles from the Greensboro area in North Carolina, is subject to an “Overnight” charge. Client is responsible for providing overnight accommodations for me and on average (statewide) most hotels cost around \$125.00 per night and that cost should be added to the final total. Should the client book the room for me instead of me booking the room, the client is entitled to find accommodations that are less than \$125.00 per night.

Guidelines for overnight charges:

If your event is held in Charlotte or the Raleigh/Durham city limits, then there is NO overnight charge added to your invoice.

If your event is held in the Asheville or Boone area, Rocky Mt, Fayetteville, Morganton, Shelby, on the coast of North Carolina or outside the state of North Carolina, then there will be an overnight charge added.

PLEASE READ CAREFULLY the following items:

- 1) Client is responsible for any and all damages to my equipment caused by either the client or their guests. This includes lighting fixtures, speakers, laptops, DJ mixer and the Façade (standing cover that covers my equipment during the event.)
- 2) If a wedding ceremony and or reception takes place outside, the client, not the venue, is responsible for providing me either a tent or some type of cover in case of inclement weather (There are no exceptions as the equipment can't get wet)
Failure to do so results in damage charges billed to the client.
- 3) I do not require a deposit, but payment or final payment is due the day of the event. If FULL payment is not made by the day of the event, the client will be billed and a LATE charge of \$200 will be added to the invoice. This has been instituted because of numerous clients not paying in FULL by the day of the event. Once this contract is signed you are responsible so please read over the entire contract carefully.
